## Get Visual: Post Images Provided or Plug and Post

Included are some images you can leverage on social media. Grab one that's ready to go, or use the template where you can add in your own photos and still have all the info for voting provided. For a simple option, you can even add the Finalist logo provided to you on any of your images as well.

## Encourage Your Team to Share Photos

Lead the way by posting photos of what makes your culture excellent (both in the office, and at home), how your company actively promotes creativity and inclusivity, or how you foster the qualities that make the company worth working for. You can run a contest or ask employees to post one photo of why they love their job. Getting creative with this will be key – and the chance to provide an insider look into what makes your company awesome.

## Utilize Hashtags to Link Your Company to What's Trending

It can be as simple as making the most of #motivationmonday, #throwbackthursday, #workingathome, #culture or #virtualteam (and if you have your own hashtag, plug it in, plug it in). Is there a city hashtag you could leverage? Scope out what's trending on social, and don't forget to use #TimmyAwards so we can share your shout-outs!
